Pursuant to paragraph 3 of the Order Amending Order Regarding Discovery and Motion Schedule (ECF 2647), the Walker River Irrigation District, Nevada Department of Wildlife, Lyon County, Centennial Livestock and Mono County, Desert Pearl Farms, LLC, Peri Family Ranch, LLC, Peri & Peri, LLC and Frade Ranches, Inc., the Schroeder Group, and the California State Agencies (California State Water Resources Control Board, California Department of Fish and Wildlife, and California Department of Parks and Recreation) (herein, the “Principal Defendants”), report to the Court and the parties that on July 16, 2021, the National Archives Records Administration (NARA) issued a press release stating that it was starting to resume research operations, and that starting Monday, August 2, 2021, most National Archives research rooms will reopen for research on a limited basis. A copy of that press release is attached hereto as Exhibit A. Since that press release, Stevens Historical Research Associates has been informed that National Archives, San Bruno and National Archives, Riverside, starting the week of August 2, 2021, would open their research room to 1 researcher on Tuesday and Wednesday, 9:00 AM to 1:00 PM. It appears that the National Archives, Seattle also will be restricting the number of researchers and the days and hours it will be open for research. In general, the situation at all of these facilities seems to be fluid at the present time. The limitations which may be imposed are especially difficult, inefficient and expensive for persons who must travel long distances to do research at a facility.

As of August 1, 2021, the Nevada State Archives continues to be open with limited hours from 10:00 AM to 2:00 PM on business days. As of August 1, 2021, the other Archive/Records Offices as defined in said Order and not mentioned above remain closed.
